

## Job Overview:

### Foot Mobile Engineer

<b>Job Title:</b> Foot Mobile Engineer	<b>Location:</b> London	<b>Company:</b> GBBSM Engineering
<b>Reporting to:</b> Account Manager	<b>[Key Stakeholders/Responsible For]:</b> GBBSM Engineers, Clients, Helpdesk	

#### Job Purpose:

We are currently recruiting for a Foot Mobile Engineer to join our mobile delivery service. Predominantly a portfolio of mobile sites carrying out PPM and reactive calls, within the centre of London.

- The role covers from 8:00am to 5:00pm
- The role is full time and requires the successful applicant to work 40 hours per week.
- Deliver full PPM and respond to reactive calls associated with the customers HVAC assets within the contracted areas.
- Keep all Gratte site compliant records up to date including but not limited to Permits to work, Specialist Service Providers and any statutory requirements.
- Assist with the Oversee sub-contractors on a day-to-day basis.
- Carrying out first fix repairs is essential.

#### Key Areas of Responsibility:

- To assist the Contract Supervisor / Manager in the provision of Building Services to Contract Policy.
- Establishing and monitoring standards for M&E Works and Building Maintenance.

- Ensuring PPM/Reactive works are completed.
- SLA performance.
- First time fix.
- Ensure that activities proceed in a safe manner compliant with Statutory Regulation, CDM, Good Practice, etc. by compiling procedures, monitoring standards, and maintaining records.
- Participates in the on-call system as required.
- Carry out daily inspections.
- Carry out reactive repairs.
- Provide assistance to the contract Supervisor / Contract Manager.
- Oversee the Monitoring of the building M/E facilities.
- Carrying out Planned Preventative Maintenance.
- Other engineering and facilities tasks as requested by the customer through the helpdesk.
- Basic fabric tasks.

*This is a broad overview of the position and does not encompass all aspects of the role.  
Gratte Brothers are an equal opportunities employer and welcome applications from all.*
